## Product Descriptions

This is not an exhaustive list of products. Many more are available. Please call or email for details.

### Photographic Prints

Prints are created with printers that expose light sensitive paper that is then run through a chemical process. These are real photographs, not inkjet prints.

### Gallery Wraps

Fine Art Canvas Gallery Wraps arrive complete and ready to hang on the wall the moment they are received.

Gallery Wraps are available printed on a fine art canvas using traditional canvas processes. With photographic print Gallery Wraps, an actual photographic print is created and its emulsion is stripped, bonded to canvas and wrapped around the wood frame.

## Gallery Wraps (cont...)

Your image is printed larger than the final print size so that it can be wrapped around the wooden frame. Imagine! Studios Gallery Wraps are made with real wood, and include a matte laminate to protect the wrap from scuffs, scratches, and cracking. The laminate also provides UV light protection.

## Standout Mounts

Standout is the perfect contemporary mounting option that doesn't require a frame to hang on the wall. The sleek edges and sides of the Standout mount can create a modern wall display with the focus all on the image.

Standout is made from lightweight foam banded with a Black edge and comes ready to display with hanging holes on the backside.

## Float Wraps

The Float Wrap is a new, unique option to display images. Float Wraps are similar to Gallery Wraps or Standout mounted prints in that they add dimension by extending out from the wall. Float wraps are unique in that they appear to be floating on the wall with the main focus on the image! Create a modern display with a Float Wrap wall collage that is ready to hang once removed from the box!

Float Wraps are created by wrapping the photographic print or canvas print around masonite to create a thin wrap. The print or canvas is protected with a laminate and padding is added between the print and the masonite to give the front of the Float Wrap a raised, elegant look and feel. The back of the Float Wrap is complete with a black paper backing and a black 1½" thick gatorboard block that allows the Float Wrap to extend out from the wall. The back of the block also contains drilled holes for hanging. Or, if you'd prefer to display your Float Wrap on an easel, you can order your wrap without the gatorboard block.

## Metal Prints

The brilliance of our Metal Prints is unparalleled! Using an innovative dye sublimation process, your custom images are printed directly onto high quality aluminum for a clean and lasting finish. Our Metal Prints show off vibrant colors in a way no other medium can. Your most captivating shots take on life-like depth and dimension for an impressive display that stands the test of time.

Metal Prints give your home décor an ultra-modern feel. Brighten up any workspace with sleek, stylish, contemporary art. Create breathtaking scenes in a living room, bedroom or office. No matter where they are displayed, Metal Prints will steal the show!

Display one Metal Print for a dramatic stand-alone statement. Group any amount together for an attention-grabbing wall collage. We offer a variety of sizes ranging from 5x7 to 30x40 for endless display possibilities.
